

VOTE STEVE TURNER

“JOBS, PAY, SAFETY - I’ve got your back”

“We’ve been through incredibly tough times. Now as we recover from Covid, meet the challenges of automation and the climate emergency, we have to be confident in our ability to shape the future of work. No workplace, family or community will be left behind.”

Meeting these challenges will require a strong, experienced leader.

After 39 years walking in your shoes as a shop steward, officer and now your assistant general secretary, **I am that leader.**

I’ll put the full weight of our union and every resource available to work for you when you need it.

Working together we will:

- **win the fight** for better pay and conditions, shorter working time and a safe workplace
- **ensure our union is there when you need it** with a freephone number and ‘Unite assist’ app for support - 24/7
- **rebuild and grow our union** with confident, well trained reps and officers
- **put fairness and equality centre stage**
- **secure** the jobs of today and the careers of tomorrow with apprenticeships and retraining
- **freeze union subscriptions** for at least two years

“Unite is our union. It belongs to us and together we will make it the most effective force for positive change in our nations.”

Putting members first – always!
